# CrafTap **ULTRA**

**STYLISH. SIMPLE. SAFE**

[beerinnovations.com](http://beerinnovations.com)

**The stylish and safe  
device for foam-free filling  
of glass bottles at an  
affordable price**

PEGAS<sup>®</sup>

# Perfect solution for:

- Local and craft breweries
- Pubs, bars and restaurants
- Liquor stores and taprooms

[beerinnovations.com](http://beerinnovations.com)

**PEGAS<sup>®</sup>**

# Why **CrafTap Ultra**?

- CrafTap Ultra fills a 2L glass growler in 1 minute
- Preserves the flavour, carbonation and freshness that are vital for premium beer
- Enables to pour beverages into all types of glass bottles, jars and growlers
- Protects the user from potential explosion
- Gives any interior a nice touch

# CrafTap ULTRA in details

We have gathered experience and customers' requests from all over the world to create a device that perfectly meets expectations of the most demanding customers.

# Save Beer Technology

## CraftTap Ultra

is designed with Save Beer technology. The bottle is purged with CO<sub>2</sub> before it is filled which allows to:

- preserve the carbonation
- preserve the flavour of the beverage
- minimize beverage leaks into the drain

PEGAS<sup>®</sup>

# CrafTap **ULTRA**

Stylish CrafTap Ultra will attract attention of public with its bright design and become the center of attraction for beer geeks.

[beerinnovations.com](http://beerinnovations.com)

## Simple installation

You get detailed installation manual to help you assemble and get your CraftTap Ultra ready to work quickly.

The device is compact. CraftTap Ultra requires little space (350x350 mm) on a bar or a store counter and works with standard beer lines.

[beerinnovations.com](http://beerinnovations.com)

## Simple to use

CrafTap Ultra is easy to operate. The switch handle is fixed in three positions – neutral, gas and beer. It takes only 5 minutes to learn how to operate the device.

[beerinnovations.com](http://beerinnovations.com)

## Compatibility

**CraftTap Ultra** is compatible with most bottles, growlers and glass jars. The bottle tray gently adjusts to a wide range of bottle heights.

[beerinnovations.com](http://beerinnovations.com)

# Safety

## Transparent protective body:

- Protects the personnel and the customers from potential bottle explosion
- Enables visual control of the filling process
- Gives the customer a view of the bottle filling

The door lock can withstand a bottle explosion due to damage or excessive pressure, yet remains simple and easy to use on a daily basis.

**PEGAS<sup>®</sup>**

## Benefit

CraftPad Light × 4 and CraftPad Light × 6 panels expand the capabilities of CraftTap Ultra and allow you to pour up to six beverages using a single device.

CraftPad Light can be mounted on the wall, or cut into the bar counter and requires little space.

The CraftPad Light is easy to install and operate and has a branding area for the beverage types. The tap is purged with gas after each filling preventing drinks from mixing.
